

Glare-free light on demand

Wanco® Balloon Lights are a compact solution for your area lighting needs. Their small size and ease of use translate to portability and quick deployment.

Balloon lights provide diffused light that reduces shadows and limits glare, making night work safer and easier on the eyes. On commercial power, our balloon lights work outdoors or indoors. When powered by a portable Wanco Inverter Generator, they are perfect for outdoor nighttime work of any kind.

For more than 30 years the Wanco brand has stood for quality and reliability. Learn more at wanco.com.

Compact portable balloon light cart

- Glare-free 360° illumination
- Reduced and diffused shadows
- Steerable heavy-duty cart with 16-foot tower
- Independent inverter power generator optional
- Optional LED floodlight attachment

Wanco® Balloon Lights light up large areas with ease. Deployment is fast and simple with a built-in handle, steerable wheels, pneumatic tires and a hand-winch for raising the tower up to 16 feet. The light operates at any height. With outriggers deployed, the heavy-duty steel base and low center of gravity keep the balloon light stable. It uses either commercial power or a Wanco Inverter Generator attached to the cart. A choice of generators provide portable power from 2,000 to 3,000 watts and can be removed and used independently.

Brief specifications

Physical

Deployed footprint, L × W	77 × 80 in. (196 × 203 cm)
Deployed height, max.	16 ft. 3 in. (4.95 m)
Travel size, L × W × H	47 × 31 × 91 in. (118 × 79 × 230 cm)
Weight, approx.	300 lbs. (136 kg)

Operational

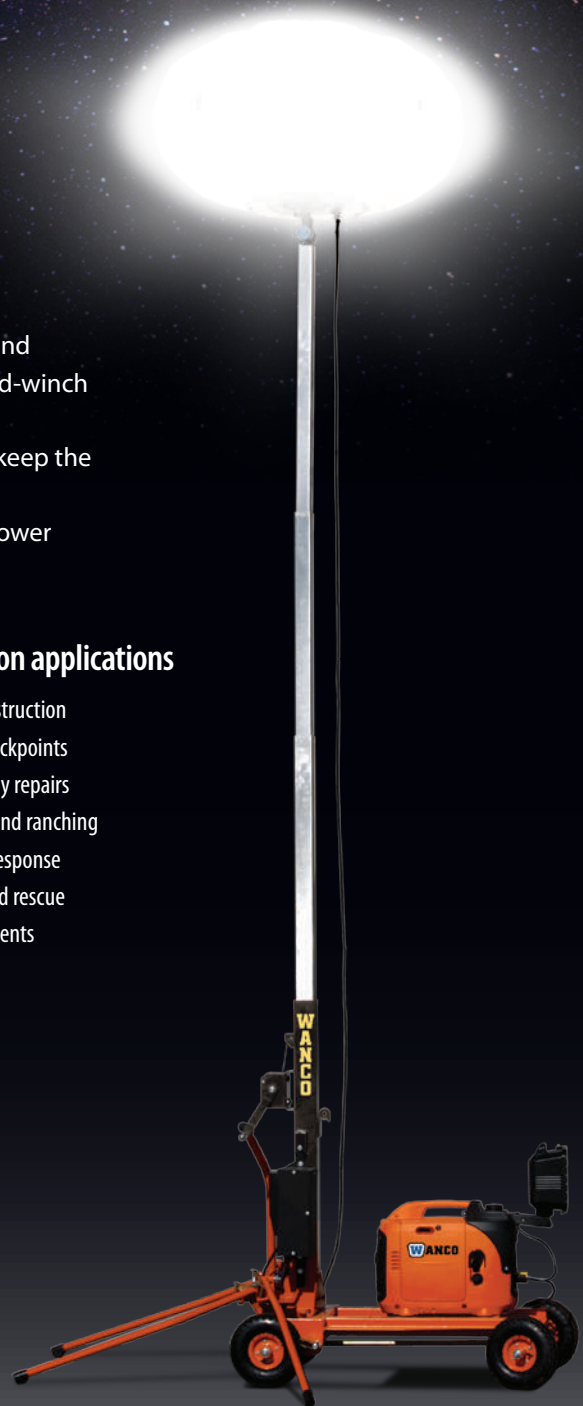

Light	One metal halide lamp
Luminosity	110,000 lumens
Power draw	1000 watts
Run time	7 hrs. continuous at 50% load with Wanco WI2000P 2000-watt inverter generator (other generator models also available, run times will vary)

Functional

Built-in handle, steerable wheels, and pneumatic tires for portability
Foot-operated parking brake stops the cart from rolling when engaged
Four outriggers provide stability in high winds
Operates in inclement weather
Meets DOT diffused-lighting specifications

Common applications

Road construction
Police checkpoints
Emergency repairs
Farming and ranching
Disaster response
Search and rescue
Special events
